Overview

Founded in 2023 Tibu Dream is a family owned business which is trading as T. D Nursery and T. D Poultry offering a unique combination of high quality, sustainable and affordable products. We are located in the Midlands Province of Zimbabwe along the Gweru Kwekwe highway, 19km from Gweru CBD.

Vision Statement

To become the leading supplier of poultry and horticulture products in the Midlands and Zimbabwe at large

Mission Statement

We are committed to provide a good foundation for our farmer by providing healthy and quality seedlings and point of lay hens. Also ensuring a farm-to-table availability of high quality poultry and horticulture products to our consumers by promoting high standards and efficient sustainable practices.

Values

Sustainability: We believe in using responsible practices that protect the environment for future generations.

Quality: We are committed to providing high-quality products and services that meet the needs of our customers.

Affordability: We want our products and services to be accessible to everyone.

Innovation: We are always looking for new ways to improve our products and services.

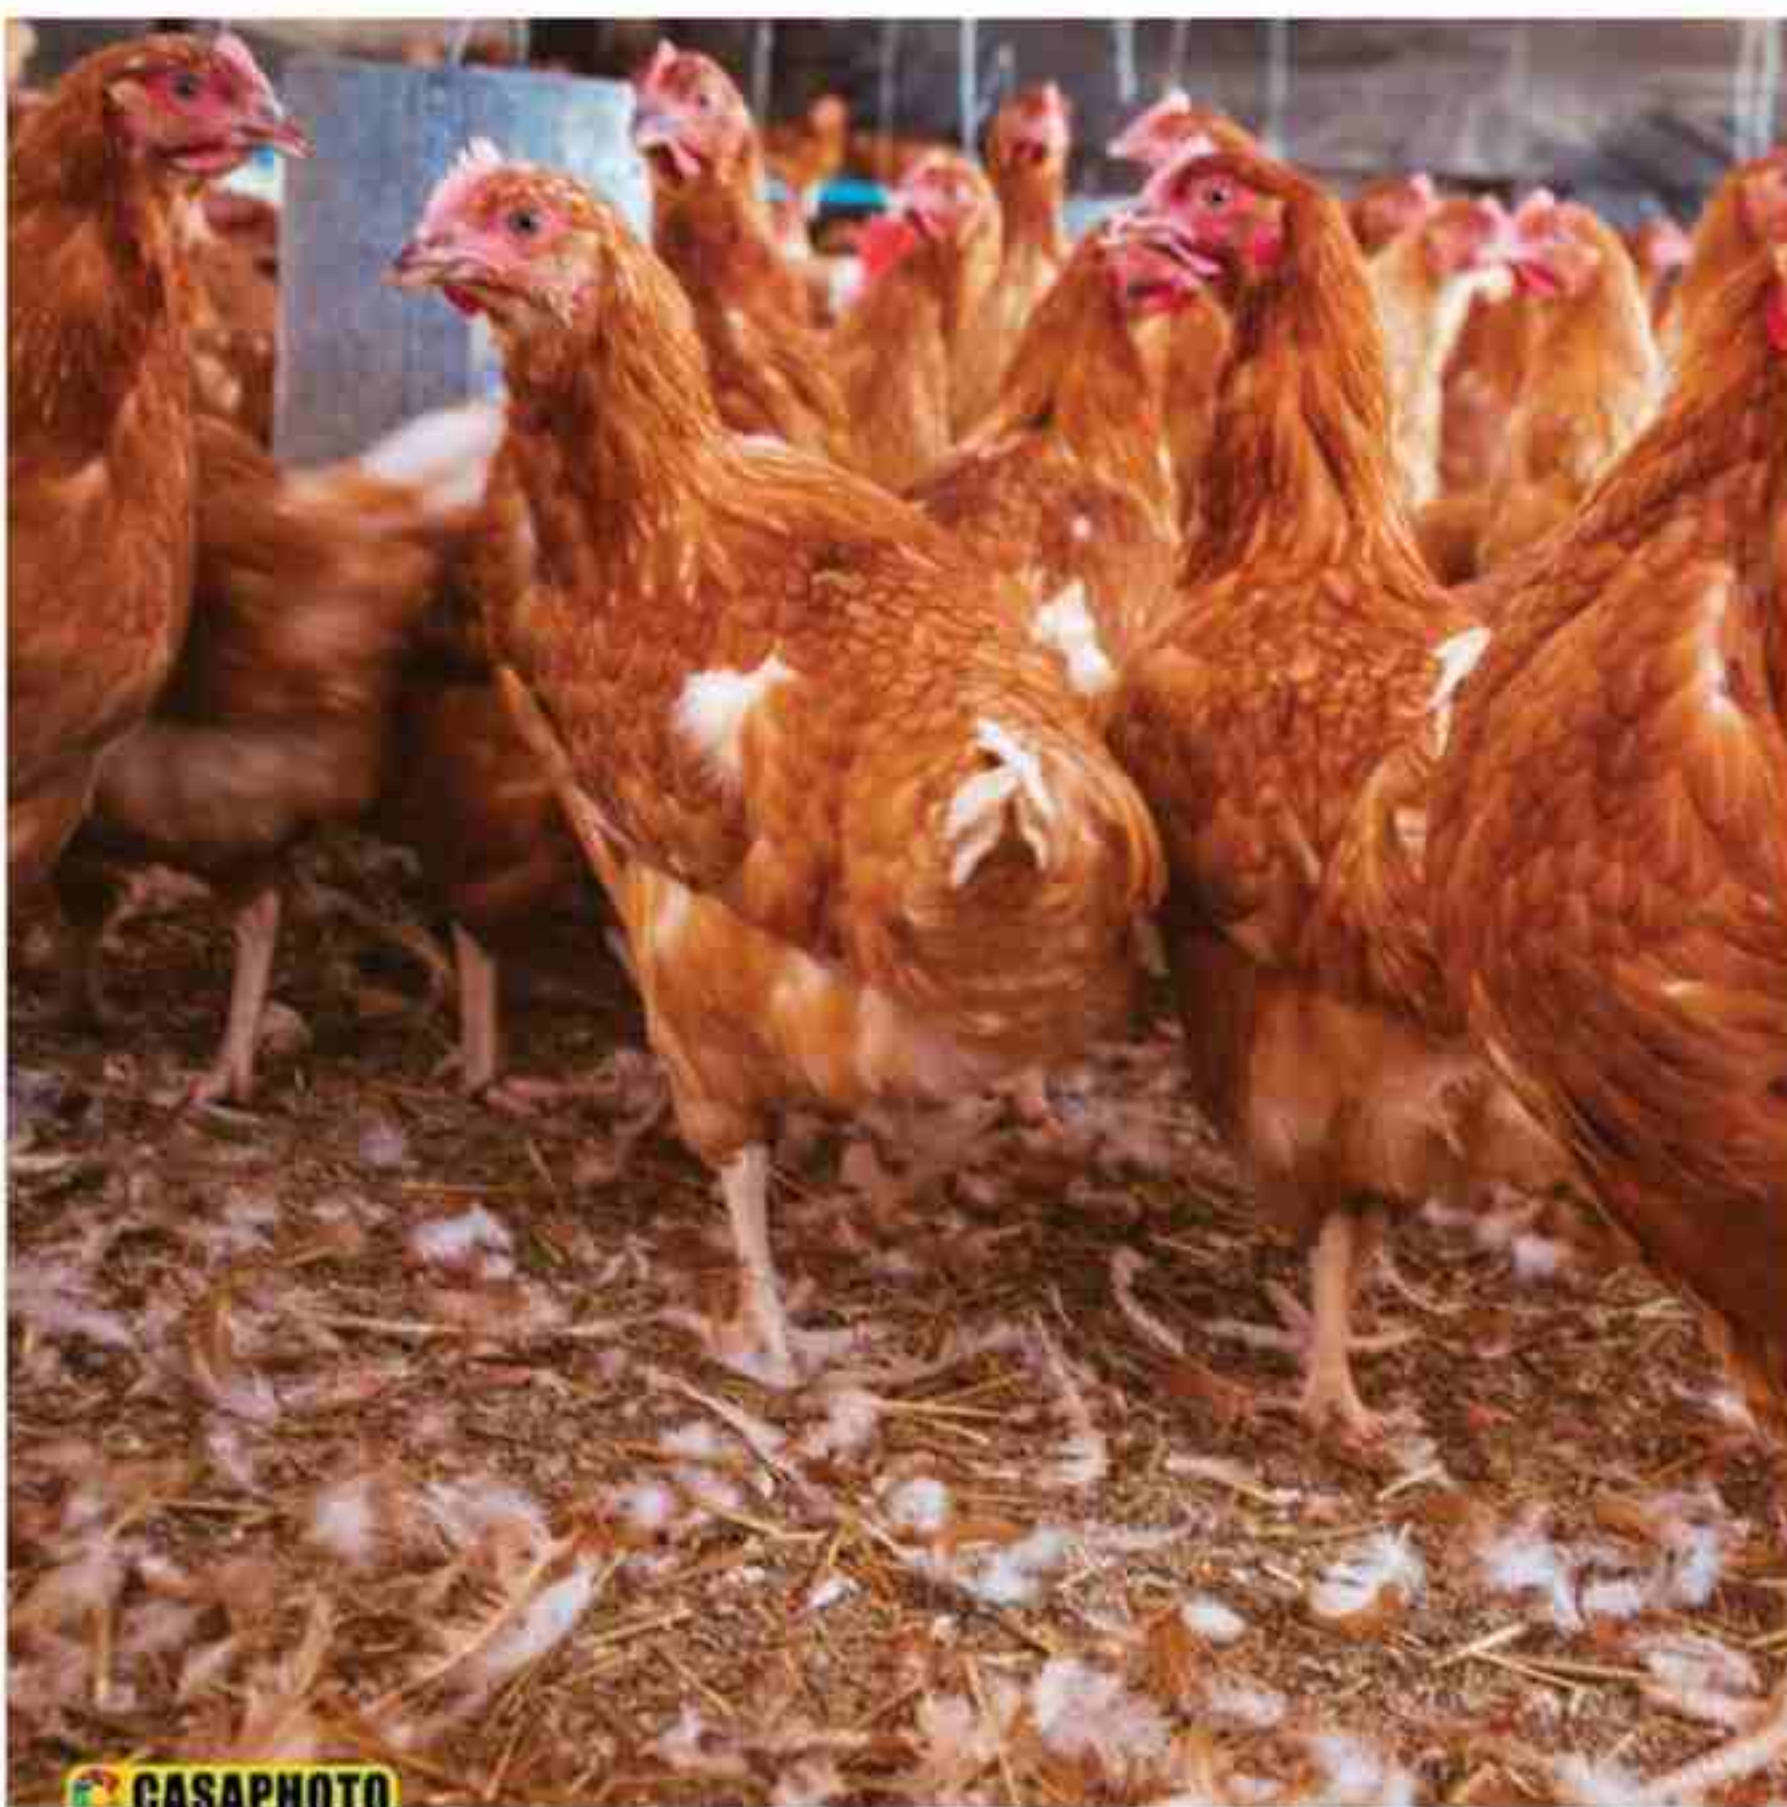

Community: We are committed to giving back to the community and supporting local farmers.

Services List

Horticulture produce

We offer a wide variety of horticultural crops, namely cabbages, watermelons, tomatoes, onions, cucumbers, capsicums etc. These crops are grown using sustainable practices to promote a farm-to-table culture in our community.

Point of lay:

We sell fully vaccinated point of lay chickens, and these are hens which are ready to start laying eggs. Point of lay hens give a great foundation to start your own poultry business or to add fresh eggs to your diet.

Seedlings:

We offer healthy quality seedlings of a wide range of crops and these seedlings are grown from local certified seeds. Our ready to plant seedlings give you the opportunity to get your garden started right.

Broilers:

We raise broilers from day old chicks to slaughter using approved and certified feeds which gives a healthy meat-to-fat ratio that is best for our consumers. These broilers are raised using a sustainable practices to promote a farm-to-fork culture in our community.

Our Team

Our team is made up of certified Agronomists and Animal Health specialists who oversee and direct our day to day operations.
